# Sagemax experience

Initial situation & framework fabrication

Initial situation of the patient.

After removing the restoration in the upper jaw.

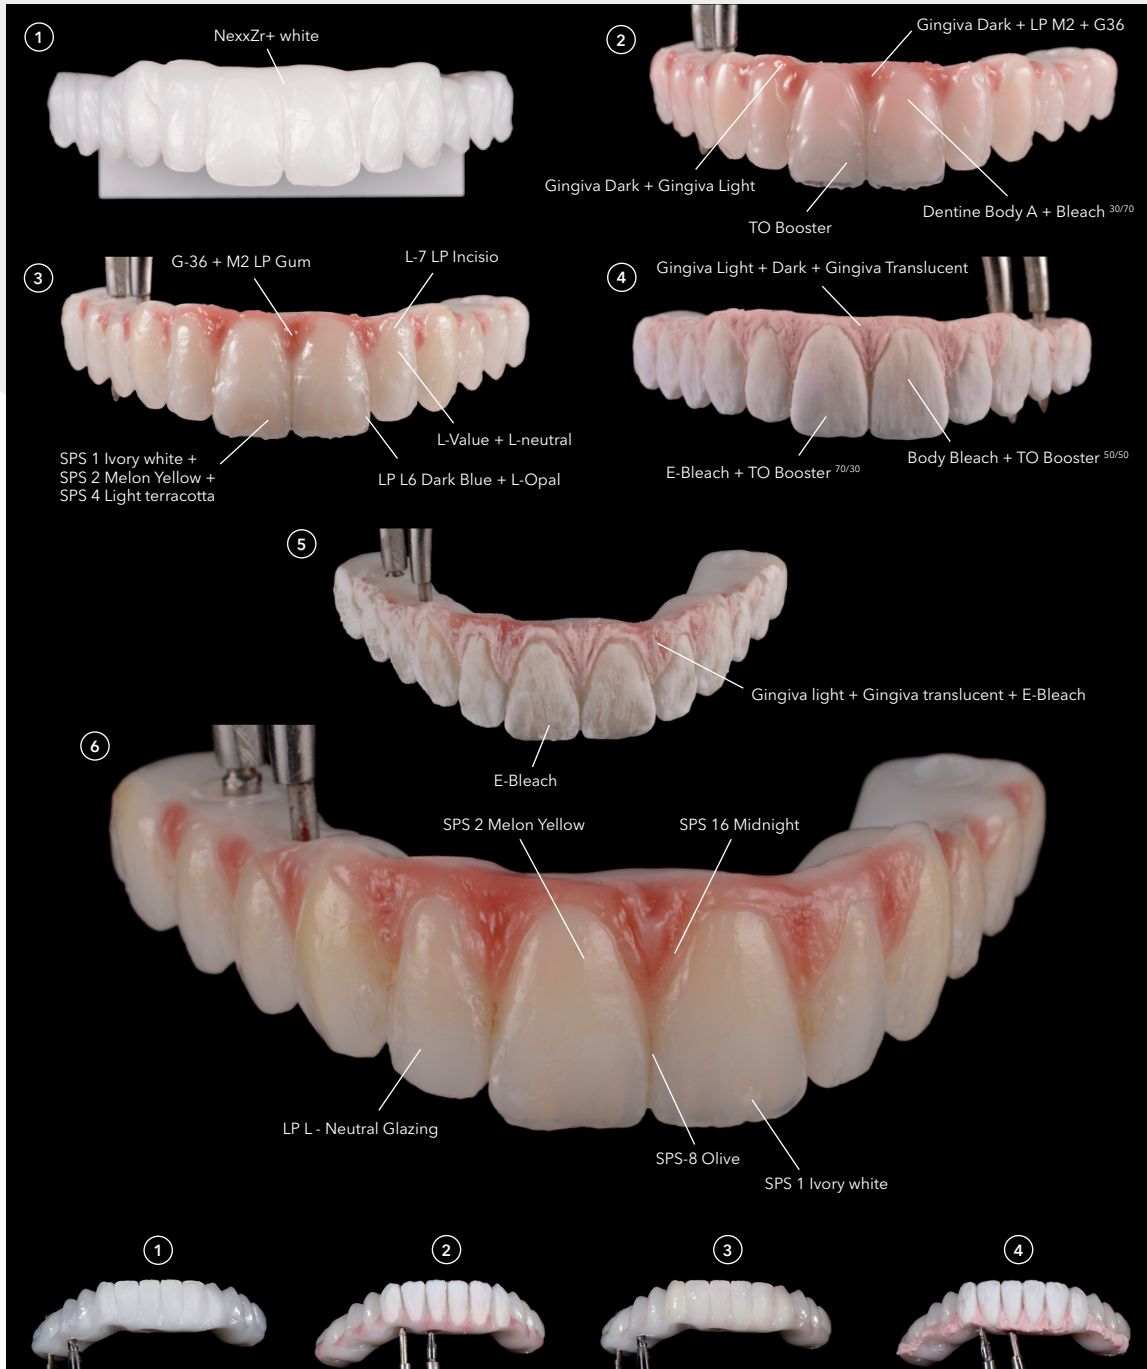

Implantation of 6 implants each in the upper and lower jaw, followed up by model obtaining.

Production of the zirconia framework for the upper and lower jaw from NexxZr+ white.

## Micro-layering & staining protocol

Micro-layering and staining of the restorations with Initial IQ ONE SQIN, Initial IQ Lustre Pastes ONE and Initial IQ Lustre Pastes GUM (Co. GC).

## Final result

Before.

After.

The finished restorations blend seamlessly into the oral cavity and give the patient a new, beautiful smile.
